

Scope

ARDROX 6077 is a blend of a solvent and detergent in an aqueous base for the cleaning of aircraft windows.

ARDROX 6077 quickly and easily removes oily residues, bug spatter, fingerprints, and dirt from glass, lexan, plexiglass and other surfaces.

ARDROX 6077 is dust resistant and does not leave a film, which can attract dirt.

Chemicals required

ARDROX 6077

Method of use

ARDROX 6077 is used as supplied without dilution.

Using a sprayer or atomiser, apply ARDROX 6077 on the window or surface being cleaned. Wipe dry with a clean dry cloth.

pH (concentrate):	10.0
Flash Point:	96°C.
Storage :	Protect from freezing.

These are typical values only and do not constitute a specification.

Safety guidance

Before operating the process described it is important that this complete document, together with any relevant Safety Data sheets, be read and understood.

General information

Chemetall PLC supplies a wide range of chemical products and associated equipment for cleaning, sanitising, descaling, paint and carbon removal, metal protection and non-destructive testing. Sales Executives are available to advise on specific problems and applications.

Labour and environmental protection

All local and national regulations on the transport, storage, use and waste treatment of chemicals in concentrated or diluted form and as working solutions must be obeyed.

Further specific information on the products can be found in the EC Safety Data Sheets supplied. The user should also pay strict attention to information and hazard symbols shown on product labels.

Waste disposal

All waste waters must be treated in accordance with national legislation and local regulations prior to discharge to the sewer.
